

FRIDAY 12											
TIME	SALON PANAMERICANO NORTE	TIME	SALON PANAMERICANO SUR	TIME	SALON NEVER ROSLI (PARANA NORTE)	HORA	SALON EUGENIO BRIZZIO (PARANA SUR)				
8:30	CONFERENCES EXPERTS 2	8:30	ROUND TABLE CHRONIC VENOUS INSUFFICIENCY	8:30	SYMPOSIUM LA PLATA / EL SALVADOR	8:30	SYMPOSIUM LYMPHOLOGY AND ANGIODISPLASIA				
	Honor President: Dr. Javier Serrade		Honor President: Dr. Juan Bombin		Honor President: Dr. Jorge Fernandez		President:				
9:45	President: Dr. Roberto Corbata	9:45	President: Dr. Diego Ferrari Tropper	9:45	President: Dr. Pablo Parda	9:45	Dr. José Luis Ciucci				
	Coordinator: Dr. Juan José prates		Coordinator: Dr. Sergio Lifaltz		Coordinator: Dr. Luis Rodríguez Reyes		Secretary:				
	Secretaries: Dr. Gustavo prates		Secretario: Dr. Pablo Jorral Tuta		Secretaries: Dr. Alberto Martínez, Dr. Guillermo Haider		Lic. Kiga Andrea Melendi				
8:30	Dr. Alfredo Prego	8:30	Dr. Ezequiel Pietravallo		Dr. Fernando Irigoyen						
	SVP: iliac stenting with special emphasis on the tremendous responsibility of implanting them in young women		Therapeutic possibilities in treatment for perforating veins				Kiga. Andrea Mendoza				
8:40	Dr. Sergio Glinesini	8:40	Dr. Sergio Garbarz	8:30	Biotfilm	8:30	Compression within TFC. Generalities				
	Evidence-based Innovations aquatic protocol for vein-lymphatic patients		Chronic venous disease and its relationship with TVP								
8:50	Dra. Lorena Grillo	8:50	Dr. Fernando Vega Rasgado			8:45	Lic. Mendivil				
	Low-level laser technology in the treatment of ulcers		Proximal and distal crossectomy as economic options for the management of CVI				The recommended compression in the different stages of the lower limbs				
9:00	Dr. Rodrigo Gonzalez Zeh	9:00	Dr. Oscar Gural		Dr. Hernan Barci		Lic. María José Verde				
	Endolaser 1470 prophylaxis with rivaroxaban		May Thurner syndrome and its consequences in postthrombotic s. ms.				Lic. María José Verde				
9:10	Yung-Wei Chi	9:10	Dr. Marcelo Dandolo	9:00	Post sclerosis venous thrombosis	9:00	How to determine the type of compression, model and size of stockings				
	Update of superficial venous thrombosis		Treatment in postthrombotic sequelae.								
9:20	Dr. Matthieu Josnin	9:20	Dr. Ivan Gutierrez Romero				Lic. Mendoza-Melendi-Verde- Tobarez- Gil- Mendivil				
	"Treatment of varicose veins in the lower limbs by intravenous treatment in patients undergoing anticoagulant treatment"		Lipograft in the healing of rebellious vascular ulcers								
9:30	Dr. Javier Serrade	9:30	Dr. Carlos Duran	9:30	PANELISTS	9:15	CLINICAL CASES				
	Mechanochemical ablation with Fibrogrif system		Advanced laser technology and Ellipse SWT as a treatment for the chronic damage of venous disease.		Dres: Hugo Martínez, Francisco Regalado, Gabriel Basso, Nicolas Pettit						
9:40	AUDIENCE QUESTIONS	9:40	PANELISTS								
			Dres: Javier Calatayud, José A. Gerban, José Felibert, Enrique Kira								
15 MINUTES	BREAK										
10:00 11:00	CRAVERI SYMPOSIUM										
10:00	Conclusions of the 2nd. Argentine Congress of Ultrasound Guided Foam Sclerotherapy (UGFS)										
	SPEAKER: DR. RUBÉN VELLETTAZ										
	Honor President: Dr. Juan Paolini										
	President: Dr. Hernan Bauzá Moreno										
	Secretaries: Dr. Romina Franza										
10:20	Conclusions of the First Virtual Consensus on Venous Ulcer										
	Disserting: Dr. Marcelo Morales										
	Honor President: Dr. Marcelo Venice										
	President: Dr. Maria Monserrat Diaz										
	Secretary: Dr. Gustavo Falcon										
15 MINUTES	BREAK										
11:15	CONFERENCES EXPERTS 3	11:15	SYMPOSIUM GADOR	11:15	SYMPOSIUM ANDINO PATAGÓNICA	11:15	SYMPOSIUM LYMPHOLOGY AND ANGIODISPLASIA				
	Honor President: Dr. Lorenzo Tessari		Coordinator:		Honor President: Dr. Martín Ferreyra		President:				
12:30	President: Dr. Gonzalo Orallo	12:30		12:30	President: Dr. María Monserrat Diaz	12:30	Dr. José Luis Ciucci				
	Coordinator: Dr. Fernanda Bigliani				Coordinator: Dr. Eduardo Haluch		Secretary:				
	Secretaries: Dr. Guillermo Haider				Secretaries: Dr. Guillermo Villagra		Lic. Maria Eugenia Velez				
11:15	Dra. Marcela Aime		Dr. Miguel Ángel Amore	11:15	Dr. Diego Gonzalez Bastation	11:15	Lic. Andrea Melendi				
	Transgender therapy, thrombotic risk.		Dra. Patricia Casals		"Insufficient VSM Treatment + Venous Ulcer (Retrograde LASER + FOAM ECOGUIDE)"		Compression sleeves in stage 0				
11:25	Dr. Matthieu Josnin	11:15		11:25	Dr. Alexis Pena Anselmi	11:25	Lic. Tobarez				
	Várices sclerotherapy in Stage C1: What is the best treatment?				"Treatment of VSM Severely Insufficient with Ecoguided FOAM"						
11:35	Dr. Juan Chunga Prieto	11:35		11:35	Dra. Sofia Rochet	11:25	Lic. Gil / Melendi				
	Fundamental pillars for the management of venous ulcer.				Recurred varicose veins. What's new?						
11:45	Dr. Sergio Glinesini	11:45		11:45	Dr. Luis Bronzi	11:35	Compression and movement				
	Italian Ministry of Health investigation on occupational compression cost-effectiveness				"Evolution of the arch of the internal saphenous vein or Magna Post LASER EV, 1470"						
11:55	Dr. Tomas Alberti	11:55	"Chronic venous insufficiency: from good and known to the new to know"	11:55	Dr. Fabio Pastran	11:45	Mendoza / Melendi / Verde / Tobarez / Gil/ Mendivil				
	Debridement of ulcers guided by bacterial immunofluorescence				"Effectiveness of Sclerotherapy with microfoam in large glasses."						
12:05	Dr. Pier Luigi Antignani	12:05		12:05	Dra. Julia Villarrel	11:45	Compression garment placement workshop				
	foam sclerotherapy in the treatment of vascular malformations				"Aspiration Impulse Pumps of the Upper Limb. Preliminary Presentation."						
12:15	Yung-Wei Chi	12:15		12:15	PANELISTS						
	Superficial venous intervention update				Dres.: Carlos Yañez, José Luis Ochoa, Alejandro Padilla.						
12:25	PANELISTS	12:25									
	Dres: Jorge Fernandez, Héctor Mazurco, Carlos Sanchez Carlos, Pablo Malines Maza										
12:30	ALMUERZO										
14:00	CONFERENCES 4 FREE TOPICS	14:00	ROUND TABLE NON-TUMESCENT NON-THERMAL TREATMENTS 2	14:00	SYMPOSIUM ROSARIO	14:00	LYMPHEDEMA SURGERY I				
	Honor President: Dr. Juan Antonio Nigro		Honor President: Alexis Espósito		Honor President: Dr. Armando Schapira		President:				
15:15	President: Dr. Oscar E. Regalado	15:15	President: Dr. Hector Alfonso	15:15	President: Dr. Guillermo Diaz	15:15	Dr. Raúl Angel Beltramo				
	Coordinator: Dr. Enrique Kira		Coordinator: Dr. Gonzalo Orallo		Coordinator: Dra. Daniel García, Cristian Kuchen		Secretary:				
	Secretaries: Dra.: Ana Santi		Secretaries: Dr. Lucia Sarti, Sergio Garbarz		Secretaries: Dra.Soledad Lopez Raido		Dr. Angel Esteban Guzman				
14:00	Dr. Oscar Atilio Gural	14:00	Dr. Diego Ferrari Tropper	14:00	Dr. Martín Mazurco	14:00	Dr. Alejandro Molina				
	Pelvic Congestion Syndrome. Diagnostic, therapeutic and dissemination challenge		Ecosclerosis Steps and Methodology for Therapy Success		"Evolution of the CEAP classification"						
14:10	Dra. Maria Elisa Moles	14:10	Dr. Jorge Plaquin	14:10	Dr. Pablo Candusso	14:00	Physiological surgery				
	Peripheral arteriopathy management in the Fibelological Office		AutoSpuma Experience in great glasses, telangiectasias and ulcers		Focus protocol for the diagnosis of the TVP in the guard room. Utility and risks.						
14:20	Dr. Pier Luigi Antignani	14:20	Dr. Federico Richter	14:20	Dr. Gustavo Morbidoni	14:20	Dr. Miguel Angel Amore				
	calf vein thrombosis, an update		Cyanoacrylate ablations		Transdermal laser						
14:30	Dr. Lorenzo Tessari	14:30	Dra. Clelia Di Loreto	14:30	Dra. Griselda Alfonso	14:20	Physiological surgery				
	Pudendal varices. Management with sclerotherapy		Treatment of saphenous axes with conventional surgery		Transdermal laser or sclerotherapy in CEAP C 1 A						
14:40	Dr. Daniel Mamani	14:40	Dr. Alejandro Becce	14:40	Dr. José Luis Genta	14:40	Dr. Alejandro Venero Mortola				
	Complications of segmental radiofrequency driven venous thermo-occlusion.		Ecofoam treatment protocol for the saphenous parva		"Hybrid treatments of advanced superficial venous insufficiency"						
14:50	Dr. Rodrigo Gonzalez Zeh	14:50	Dr. Eduardo Altavista	14:50	Dra. Jorgelina Fernandez	15:00	AUDIENCE QUESTIONS				
	Endolaser 1470nm plus reverse foam		Safena Parva echosclerosis		Liquid Sclerotherapy vs. Foam Sclerotherapy in telangiectasias and reticular. Efficacy and safety.						
15:00	Dra. Lorena Grillo	15:00	Dr. Ernesto Intrigo	15:00	Dr. Henry Catalá Schonfeld						
	Peripheral Arterial Disease and Compression		Stabilized foam sclerotherapy in older adults guided by Ultrasound (Vertice)		Artisan Foam vs. Standardized Foams						
15:10	PANELISTS	15:10	PANELISTS	15:10	PANELISTS						
	Antonio Stormio, Roberto Almeida, Adolfo Rey		Dres.: Alejandro Pedrazzoli, Ezequiel Pietravallo, Danilo Carraro, Alejandro Conde		Carlos Francia, Aurelio Astocondor, José Felibert						
15 MINUTOS	RECESO										
15:30	SYMPOSIUM MEDTRONIC	15:30	SYMPOSIUM ABBOTT	15:30	ROUND TABLE FLEBOLOGIA Y COVID. La flebología antes y después del Covid 19 : qué aprendimos?	15:30	LYMPHEDEMA SURGERY 2				
	Honor President: Dr. Javier Leal Monedero				Honor President: Dr. Ursula Tropper		President:				
16:45	Coordinator: Dr. Marcelo giving it	16:45		16:45	President: Dr. Pablo Parda	16:45	Dr. José Luis Delvaux				
	Secretaries: Ariel Ramos, Gonzalo de Tommaso				Coordinator: Dr. Pablo Mañanes Morn		Secretary:				
					Secretaries: Dr. Barbara de Bony		Dra. Sandra Nelly Genz				
15:30	Dr. Oscar Atilio Gural	15:30		15:30	Dr. Eduardo Haluch	15:30	Dr. Raúl Angel Beltramo				
	Treatment of superficial venous insufficiency with radiofrequency, experience and clinical results- Studies				Telemedicina antes y después de la pandemia. Aplicación en la práctica diaria.						
15:50	Dr. Oscar Atilio Gural	16:00		15:50	Dr. Sandro Triglia	16:00	Resective surgery of large lymphedematous masses				
	Treatment of deep vein thrombosis, is postthrombotic syndrome preventable?				Complicaciones flebotomológicas del COVID 19 y su vacunación.						
16:10	Dr. Santiago de Salas	16:30		16:10	Sebastian Lach	16:30	Dr. Juan C. Krapp / Dr. Oscar E. Regalado				
	Superficial venous insufficiency treatment, experience with cyanoacrylate				Evolución de la flebología post pandemia Covid 19.						
16:30	AUDIENCE QUESTIONS	16:30		16:20	Dr. Roberto Ugidos	16:30	Resective surgery. Central Military Hospital experience				
					Trombosis. Tratamiento. Complicaciones. COVID 19						
				16:30	Dra. Marcela Aime						
				16:10	Vacunación Covid, complicaciones: causa, clínica, tratamiento.						
				16:20	Dr. Jorge Rio						
				16:30	Thrombosis in pandemic time						
				16:30	PANELISTS						
					Dres: Alicia Ludeña, Oscar A. Graca, Javier Calatayud						
15 MINUTOS	RECESO										
17:00	ROUND TABLE THERMAL TREATMENTS	17:00	ROUND TABLE SCLEROTHERAPY 2	17:00	SYMPOSIUM CACIVL	17:00	SCLEROTHERAPY COURSE "Sclerotherapy Workshop in Phlebosthetics and Ecosclerosis"				
	Honor President: Dr. Roberto Simkin		Honor President: Dra.: Aurora Avamovic		Honor President: Prof. Dr. Antonio Pietravallo		Directora, Dra.:				
18:15	President: Dr. Carlos Simkin	18:15	President: Dr. Maria F. Bigliani	18:15	President: Dr. Raúl Beltramo	18:15	Dr. Roberto Venesia				
	Coordinator: Dr. Hugo Navas		Coordinator: Dr. Eduardo Thach		Coordinator: Dr. Roxana Katsini Barbosa		Dr. Roberto Almeida				
	Secretaries: Dr. Guillermo Diez		Secretaries: Dr.: Cristian Kuchen		Secretaries: Dr. Roberto Tamame		Dr. Diego Ferrari Tropper				
17:00	Dr. Juan Carlos Patt	17:00	Dr. Juan Chunga Prieto	17:00	Dr. Pablo Candusso	18:15	Dr. Alejandro Pedrazzoli				
	Effectiveness of the 595nm laser in the saphenous axes.		Tips to perform effective sclerotherapy		"Consented Medical Information". What, when and how should we talk to the patient		Secretaries:				
17:10	Dr. Daniel Garcia	17:10	Dr. Sergio Garbarz	17:12	Dr. Oscar Gural Romero	17:12	Dr. Ezequiel Pietravallo				
	1470nm laser without tumescence in saphenous axes, is it the ideal treatment?		New Treatment for varicose veins		Endoluminal laser vs. radiofrequency, or hybrid procedures in the treatment of saphenous and perforating trunks.		Dra. María Laura García				
17:20	Dr. Gustavo Morbidoni	17:20	Dr. Felix Pace	17:24	Dr. José Alberto Ovejar	18:20	SYLLABUS				
	Combined Saphenous Vein Laser Treatment with Sclerotherapy, for what?		Sclerotherapy at low dose.		Why perform ultrasound-guided echosclerosis with foam in the small saphenous vein?		Introduction to sclerotherapy				
17:30	Dr. Juan Bombin	17:30	Dr. Luis Francisco Rodríguez Reyes	17:36	Dr. Santiago de Salas	18:40	Indications. Contraindications				
	Use of radiofrequency and complementary procedures in the treatment of superficial venous insufficiency.		Superficial venous treatments in patients with high sensitivity.		Ultrasound observation in the monitoring of thermoablative processes		Dr. Tips in Fibeastics				
17:40	Dr. Carlos Duran	17:40	Dr. Roberto Venesia	17:48		19:00	Complications prevention				
	Laser 1940nm is better than 1470nm? Should I change?		Sclerotherapy with tumescence in phlebosthetic. Fundamentals and experience.				Marketing in phlebology				
17:50	Dr. Luis Gauto	17:50	Dr. David Lesnik	19:00		19:10	Live sclerotherapy, with patients				
	Epifacial treatment with laser		Complications of sclerotherapy	19:20		19:30	Ecosclerosis				
18:00	Dr. Jorge Segura	18:00	Dr. Felix Pace			19:40	Indications. Contraindications				
	Ultrasound images post ablation. Your interpretation.		Low dose sclerotherapy	19:40		19:40	Contraindications				
18:10	PANELISTS	18:10	PANELISTS			19:40	Techniques				
	Dres: Martín Mazurco, Henry Catalá, Alejandro Padilla, Adolfo Rey		Dres.: Gustavo Sanchez, Estela Medina, Ricardo Alliney, Rolando Blasevich				Complications				
18:30	Dr. Roberto Corbata	18:30		18:30		19:40	Live ecosclerosis, with patients				
	Varicose ulcer. Compressive treatment with Una boot
